Monster Aquatic Auction #11 – Saturday Nov 15th, 2008
BUYER RULES

AUCTION VIEWING: 8:30 to end
AUCTION STARTS 10:00 am

1. To avoid confusion when bidding on an item your bidding card must be raised.

2. Our intent is to encourage socializing and learning within the hobby. The auction is an outlet for a hobbyist's surplus while raising money for tropical fish conservation. Our auction compliments the local retail trade. We do not wish to compete with local retailers.

3. You need not be a member of any aquarium-related club to buy.

4. It is incumbent on the Seller to provide detailed information on the particular specimen. If it is not provided it is the buyer's responsibility to contact the seller to obtain any information they may require about the item prior to the auction of the item. Seller information can be obtained from the registration desk.

5. All sales are **AS IS** AND **FINAL. THE VAHC DOES NOT TAKE ANY RESPONSIBILITY FOR THE CONDITION OF ANY ITEMS AUCTIONED.**

6. **ALL SALES ARE CASH OR CHEQUE ONLY.** After completing the buyers form personal information section, buyers will receive a bidding number to allow them to make multiple purchases and " run a tab". To avoid unnecessary delays during the auction payments may only be made during breaks or at the end of the auction.

7. Minimum bid is $1 and increments will not be less than $1.00.

8. The auctioneer has sole discretion for determining the winning bid.
